

The Delaware Centre provides you with a free training course that gets you into the outdoors

Principal aims:

Our **free** structured programme aims to provide the information, training, guidance and support necessary for you to go forward and achieve NVQ accreditation in the qualifications listed below.

Programme Summary

The qualifications you could achieve include:

- NCFE Level 1 in Activity Leadership
- Mountain Medicine First Aid in the Outdoors
- NICAS climbing wall award *level 1 and 2*
- National Navigation Award Scheme *Silver*
- Teaching Orienteering *Parts 1 & 2*

Who may attend and prerequisites:

This 3 week full time course is for young adults aged 16-18 (aged 16/17/18 on 31st August 2018) who want to gain experience in adventure activity or those considering entering the outdoor industry as an instructor.

When? 29th July – 16th August 2019

What we provide:

We will provide professional leadership and training in each of the activities described. We will organize your National Governing Body registration for each of the described accreditations, any equipment needed on a daily basis for you to attend the courses described and travel to and from any off-site activity locations. There may also be opportunities for you to gain invaluable experience working with small groups of similar adventure seekers under the supervision of our own staff.

What you need to do:

Attend every day of the course and, with our help, produce a portfolio which will lead to your NVQ Level 1 Certificate in Activity Leadership.
