

Visits to Big Cities, Major Events and Significant Travel Hubs—the Terrorist Threat

This CPD event intends to provide visit leaders with information and updates to assist in their planning for visits to large cities, major events (such as cultural or sporting events) or significant travel hubs (Heathrow and similar). The intention is to move from an irrational fear of terrorism to a rational concern thereby allowing for effective planning and for confident and effective communication with parents/carers and other stakeholders as to the benefits of these important educational experiences for young people.

Learning Outcomes include:

- To better understand the nature of the threat
- To ensure planning is suitable and thorough
- To provide advice on what to do if you are involved at the scene of an incident

Content includes:

- The current landscape
- Threat levels and what they mean
- What does suspicious behaviour look like?
- Practicalities
- Keeping up to date with information before and during the visit
- What if something happens before I go?

Tutors: Arthur Roberts, Emergency Management and Andy Barclay, Head of Cornwall Outdoors

Book online at
www.cornwalllearningonline.co.uk
